This list excludes some 40 or 50 patterns which could not be positively identified, mostly 1850s cents, 1859 half dollars, 1866 nickels, std silver, etc

This listing may be missing items from the Brenner 92500 purchase - Brand binders use AW#s as noted in Brenner's 1914 ANS exhibit

The listing assumes all of those coins were still in the collection when Brand purchased it in 1919 - Brenner appears to have added after 1914 as well

This listing is also missing about 2 dozen patterns purchased by Chicago Coin Company not marked as sold
Disposition of many of Armin's patterns can be found https://archive.org/details/ringbinderusledg00bran/page/266/mode/2up
